CUP, CUP AND AWAY!

On our journey to a more sustainable future, we're proud to have

SUCCESSFULLY ELIMINATED PLASTIC CUPS ON BOARD

to reduce our impact on the environment—another critical step in helping to keep the places we live & fly beautiful.

CARING FOR THE LONG HAUL.

Alaska is the **FIRST U.S. AIRLINE** to eliminate plastic cups on board.

By partnering with Boxed Water™ and switching to responsibly-sourced paper cups, we've eliminated **2.2M LBS OF PLASTIC** cups and bottles.

THAT INCLUDES

55 MILLION **PLASTIC CUPS**

Equivalent to the weight of **24 BOEING 737s**

All inflight beverages on Alaska flights are served in Forest Stewardship Council (FSC) certified paper cups.
